

LADY DRIVERS MYSTERY DINNER RUN

AUGUST 2, 2008

On Saturday afternoon 15 Corvettes gathered at Fowler & Herndon Avenues for a Corvette Mystery Dinner run with **LADY DRIVERS ONLY**. The Corvettes were 11 red, 1 white (adding another white along the way), 1 silver, 1 black and 1 yellow.

Ladies start your engines! And we were off on a long drive on the eastern side of the valley through the Kings River bottom area to our first rest stop at the McDonald's in Cutler/Orosi. Upon leaving our rest stop we drove up Sand Creek Road, Pepperweed (taking a small detour that was not planned but turned out to be ok because I got to see all the beautiful Corvettes with the ladies driving) Sands Baker Road and Dunlap Road towards highway 180. The lady drivers were up to the challenge of the steep grades and sharp turns on this part of the run. Once on the highway we cruised all together down to our final destination. Being we were running a little early for dinner we took another detour off the highway onto Cove Avenue venturing to and around Wahtoke Lake finally arriving by the back way into Sanger for our dinner at DiCicco's Italian restaurant.

I want to especially thank and congratulate the brave and courageous women who participated in this run and for the men who supported them in this event. This was a somewhat technical and long route and these ladies handled their cars great. I do not think the COF has had an event like this before so ladies you are special. I really enjoyed this event and I hope all of you did also and maybe we will do this kind of run again in the future. Thanks again, Joan
