

Veterans Day Parade 2009

Billie Talley

Veterans Day, November 11 2009... Once again 20 beautiful Corvettes met at Shaw and Fresno Street in preparation for caravanning to the staging area for the annual Veterans Day Parade held in downtown Fresno.

Any veteran who owned a Corvette was invited to join us in the parade. Since two of our club members, Andy Verbeck and Don Allor who were also veterans, passed away this year we honored them with a sign "In Memory of" in the windows of Billie Talley's Corvette with Judy Verbeck as a passenger and Marcia Allor's Corvette. We know that Andy and Don were smiling down on everyone.

Following the parade, everyone came to my house for food, drinks and a lot of camaraderie along with good feelings associated with having shown our support for the veterans.

A special thank you to Patty and Bert Sherman for supplying the tables and chairs for my party. I also want to thank all of my friends and veterans who participated and made this such a special event. Remember, it is all about our "Veterans" who make this such a special event. I am looking forward to seeing all of you again next year!
